

Featured Product: Model PM412-30

Pushing the limits for long span applications.

The PM412-30 is the only post on the market with a 30' belt extension. This rugged, outdoor-rated post is built to withstand the harshest environments. The longer span reduces the cost of buying multiple posts to do the job of one PM412-30. The Retracta-Wheel base easily conceals the wheel mechanism beneath the base when it's not in use, but deploys in seconds for easy setup and transport.

Strong and slow rotary damper brake: with E-Z Back® Technology creates the safest and quietest post on the market

High impact polycarbonate material: greatly increases durability

Outdoor-rated, heavy-duty post: for rugged and industrial environments

Retracta-Wheel Base: convenient wheels for easy setup and transport with no unsightly tripping hazard

Belt Extends to 30'

Universal belt end: works with nearly every stanchion and locks to prevent accidental release

Extra heavy 30 lbs. cast iron baseweight: ensures stability so post remains sturdy in outdoor and high traffic environments

Molded rubberized floor protectors

Model #
PM412-30YA-BYD

Long Range Retracta-Belt®

Fewer posts to buy, ship and store: one post covers the same distance as four competitor's posts

Retracta-Wheel Base

Simply angle the post to conceal the wheel beneath the base

Transport posts easily when the wheel is exposed

Simply tilt the post to flip the wheel under the base

The wheel stores beneath the base when not in use

No unsightly wheels or tripping hazard
