

Featured Product: Model WM6500

The longest and most rugged RETRACTA-BELT[®] ever!

Extremely heavy-duty aluminum body: ¼" thick, designed to withstand the outdoor elements and heavy wear and tear.

Thick and durable 65' belt: for extremely long span applications. It's the same webbing that's used in all of our RETRACTA-BELT[®] units and proven to outlast the competitor's belt.

Loop belt end: simple yet durable.

Pivoting mount allows the unit to swivel in any direction: so the belt can pull out at any angle.

Brake included: for a slow and safe belt retraction.

Mounting rod: allows integrated mounting into existing equipment.

Removable from wall plate: unit detaches with simple tools so you can use one head on multiple wall plates.

Model-WM6500SB-BYD
with Wall Plate Model-WP6500-SB
(sold separately).

Belt End Options

Loop (standard)

Simple yet durable. Requires **Model # RE6500** receiving end (sold separately).

S-Hook

Universal S-Hook belt end works without a receiving end. It can wrap around or hook into any suitable object.

Universal

Polycarbonate belt end with lock. Requires **Model # RE** receiving end (sold separately).

Additional Features

- ▶ 10 year warranty.
- ▶ Unlike competitor's products, replacement components are available for on-site repair which eliminates the costly expense of shipping it back to the manufacturer.

Typical Applications

- ▶ Guiding passengers on the tarmac.
- ▶ Bus & cruise ship loading.
- ▶ Construction sites.
- ▶ Closing parking lots.
- ▶ Warehouse maintenance and other long span requirements.
