Distance Clips

Keep separate in line one belt clip at a time.

LOOK OUT FOR EACH OTHER. Wait by a clip to

maintain a safe

social distance.

Distance Clips

Distance Clips are an easy and affordable solution to add social distancing reminders to your existing retractable belt queues.*

Measure. Clip. Repeat.

Clips simply snap on the belt and lock into position. Internal teeth grip the belt to prevent them from accidentally moving (don't worry, they won't bite). The anti-tamper snapping lock requires a screwdriver or *really* strong hands to remove.

Pack includes 10 Distance Clips and a 6ft measuring string for quick and easy installation.

10 Distance Clips per pack. Includes 6' measuring string - Model #DDC-10

It's a sign!

And, just in case your patrons need a little extra guidance, place the Distance Clips Sign at the start of your queue as a reminder on how to keep separate. Durable card stock sign is 8.5" x 11" and can fit in a standard acrylic frame holder or a sign post frame. 8.5" x 11" Heavy Duty Sign Frame – Model #FR811HDSB + Distance Clips Sign – Model #DDS811-02

For quotes and custom orders, call 631-582-8600 or buy now at
