

Featured Product: Model PSBC

All-in-one maintenance cart and barrier system

The Portable Safety Barrier Cart holds up to eight **RETRACTA-BELT**[®] Posts which create up to 120' of safety zone around the work area. These barriers help to warn and protect against hazards during maintenance or repair.

The cart provides a safe and easy way to move tools, materials, and other supplies around the facility.

Holds up to 8 RETRACTA-BELT[®] Posts

- 10' or 15' belt lengths, multiple belt colors and post finishes available.

See reverse side for specs and options.

Kit shown: Cart + 4 Posts
and PLASTIC-FILLABLE Base

Integrated tool holder and shelf: for a portable work station.

Zippered trash container: for easy trash bag removal.

Two base options:

- Crush-proof **RECYCLED-RUBBER** Base.
- Lightweight **PLASTIC-FILLABLE** Base.

Typical Uses

Maintenance: Block escalators, elevators, or moving walkways while work is being performed.

Janitorial and Sanitation: Set up safety barriers for wet floors and other hazards.

Manufacturing: Close aisles or block hazards while machinery is being repaired.

Kit shown: Cart with Additional 4 Posts

Post Options and Specs

Choose your cart configuration in three easy steps:

STEP 1: Choose Belt Length + Base Style
